

AUGUSTA MAX 25-0-0

355 E South St Collierville, TN 38017
CS@earthstrong.net 901.853.2898

DESCRIPTION: AUGUSTA MAX is a foliar applied nutrient solution designed to resolve nutrient deficiencies on fruit and nut orchards, vineyards, vegetable crops, and all field and row crops.

FOLIAR APPLICATION: Best results will be obtained when applications are applied early morning or late evening, when ambient temperatures are lower and when the stomata are open.

RATES - FOLIAR APPLICATIONS

Up to 4 gal/acre. Repeat as needed.

COMPATIBILITY: AUGUSTA MAX is compatible with most agricultural products. Adding additional water to tank mixes will always improve compatibility. Use caution when tank mixing with low pH products and/or products containing significant amounts of free ammonia. Always establish compatibility using the standard quart jar method prior to tank mixing. In some cases, tank mixing with pest control products can result in reduced pesticide efficacy or increased host crop injury. The user should contact the company responsible for the pest control product before applying any tank mix.

WARRANTY AND CONDITIONS OF SALE: Manufacturer warrants that this material conforms to the chemical description hereon and is reasonably fit for use as directed. No other warranty is made, either expressed or implied. Buyer and user, therefore, acknowledge and assume all risk and liability resulting from handling, storage, and use of this material.

Information regarding the contents and levels of metals in this product is available on the Internet at <http://www.aapfco.org/metals.html>

EMERGENCY RESPONSE: In the event of a medical emergency or in the event of a leak or fire, please call INFOTRAC at 1-800-535-5053, 24/7/365.
