Elite Home Lawn Starter Pack

Take the guesswork out of elite lawn care. The Home Lawn Starter Pack brings golf-course-quality science right to your home turf. Engineered for homeowners who demand a flawless, resilient lawn, this professional-grade kit provides a 4-in-1 defense and nourishment system. It prevents stubborn weeds before they start, knocks down tough existing weeds, eliminates destructive pests and diseases, and feeds your lawn at the cellular level.

Caravan G **2-3 Pounds per 1,000 Sq. Ft. Quarterly**

Caravan G is a combo insecticide/ fungicide designed to give systemic control of chinch bugs, brown patch, grey leaf spot, and more. Use this AT LEAST quarterly for optimal results. Monthly or every 2 months is even better.

Loyalty WDG **Use label rate based on turf type and weed**

Loyalty WDG is a dry sulfentrazone post emergent, selective herbicide that will kill a wide range of broadleaf, grassy-type weeds, and sedges. Loyalty WDG also has a low burn potential when used in temps up to 85 degrees.

Barricade 4FL **Use 0.25 Oz per 1,000 Sq. Ft. 4 times per year**

Barricade 4FL is your cheat code to preventing pesky weeds throughout the year. This will create a barrier in the soil to prevent weed seeds from germinating. Beginning in roughly November, apply again in January, April, and once more after that.

Millerplex 3-3-3 0.33 - 0.75 Oz per 1,000 Sq. Ft.

Millerplex does not replace the need for granular fertilizer. However, Millerplex is an excellent supplemental liquid fertilizer to help with rooting, and stress relief. Use it monthly or as needed.
